Protection and standards

EN 352-1:2020	Ear-muffs

Care

Wipe sealing cushions with suitable cleaning wipes at the end of the shift; Alternatively clean with mild detergent and water. Do not use organic solvents or alcohol. Depending on use, disinfect contact parts at least every three months as instructed, using an agent that is safe for the wearer. Replace damaged parts or parts that can no longer be cleaned.

Product overview based on manufacturer documents. Refer also to the original instructions and EU declaration of conformity.
